# All about Aptis webinars

**Are your students, teachers or employees confident with the Aptis test format? Do they need some advice on how to prepare better for their upcoming Aptis test?**

**We invite them to join our assessment experts in a series of live webinars where we will focus on:**

- the Aptis test format for each of the skills
- the types of tasks for each component with examples
- what to expect for each skill and at different CEFR levels
- advice and strategies on how to prepare and perform better.

We would like to encourage you to forward this invitation to your students, teachers or employees who may find this useful.
